

Home Page

```
graph TD; HP[Home Page] --> PPF[Picture Page/ Filters]; HP --> AP[Account Page]; PPF --> Artwork[Artwork Page]; Artwork --> Checkout[Checkout Page]; AP --> FSP[Form for Selling Page];
```

The diagram is a flowchart illustrating the navigation structure of a website. It starts with a 'Home Page' at the top. From the 'Home Page', there are two arrows pointing down to 'Picture Page/ Filters' on the left and 'Account Page' on the right. From 'Picture Page/ Filters', an arrow points down to 'Artwork Page', which then points down to 'Checkout Page'. From 'Account Page', an arrow points down to 'Form for Selling Page'. All boxes are light gray with black text and borders. The top box has rounded corners, while the others are rectangular.
